

REGULATORY ENFORCEMENT AND COMPLIANCE

Our firm's reputation and experience with federal agencies such as EPA, FERC and the Interior Department as well as with the White House allow our Environmental Strategy practice to fashion tailored solutions to complex regulatory challenges. Notably, our team includes senior officials from EPA, including the former assistant administrator for air and radiation, a former acting general counsel, and a former associate administrator for congressional and intergovernmental relations.

We have longstanding working relationships with regulators at the EPA, the Army Corps of Engineers, the Texas Commission on Environmental Quality, and many other agencies. Our knowledge of key decision-makers informs and improves our representation of clients in obtaining air, water and waste permits, handling enforcement and rulemaking proceedings and participating in the development of significant environmental policies.

While our attorneys emphasize preventive counseling and
