

## TAX

Bracewell & Giuliani helps clients plan and achieve their financial objectives while maximizing their tax advantages and minimizing tax burdens. We advise businesses, individuals and exempt organizations on all aspects of local, state, federal and international taxation. We provide integrated tax planning, transactional assistance and tax controversy resolution.

Our clients include publicly traded multinational and domestic corporations, privately and closely held businesses, and family-owned companies. We have a particular focus in handling the tax needs of master limited partnerships, real estate investment trusts and all forms of entities and transactions that relate to energy, including oil and gas, power, transmissions and distribution, renewables and energy services companies.

We help clients achieve tax efficiency in equity and asset purchases and sales, corporate reorganizations and capital markets transactions, facilitate cross-border transfers of royalties
